Oracle PL/SQL Programmer

Certification Credential here

Objective : Seek Long lasting partnership with a reputed organization where I can find an opportunity to utilize best of my skills in free and fair environment for mutual growth.

Personal Profile :

- Achieved 5th merit rank in SSC and 7th merit rank in HSSC.
- BE (computers Sciences) from <name> university with Honors..
- Extremely fast learner and a great team player.
- Bold, smart and an outgoing personality with a zeal for great achievements.
- Represented University in athletics and was a university color holder in the year 2005.

Professional Profile :

- Over 6 months of extensive training with on-job experience as a software analyst and back end programmer in oracle database with special interest in PL/SQL.
- Extremely fluent in SQL; thorough in all forms of queries viz. joins, sub-queries, group by clause analytical extensions, wide array of built-in functions, DML, transaction control and DDL.
- Thorough knowledge of Oracle architecture – Storage, Memory and process structures and their concerted performance - Helps me to write textremely efficient SQL queries and back end programs.
- Proficient in analysis of backend programming requirements – Specialist in designing stored procedures, functions, packages, triggers and object types.
- Special expertise in implementation of complex business and customized intricate data validation rules using triggers.
- Hands-on experience with design of all sorts of constraint implementation – regular, immediate and deferred constraints.
- Specialist in choice making & creating appropriate type of indexes – reverse key, functional, IOT for specific use in complex database optimization requirements.
- Identify need for designing and creating appropriate type of clusters – Index and Hash for storing the tables for efficient join queries.
- Exposure to design and implementation of views with through knowledge in writing the instead-of triggers.

Technical Skills :

- **Databases :** Oracle 8i, 9i, 10g/ SQL Server 2007 / MySQL
- **Languages :** Oracle SQL, PL/SQL, .NET (VB, ASP, C#), Java, C, C++

- **OS** : RH Linux 5.0, Windows NT, Sco Unix, Solaris
- **Special Skills** : Shell programming

Industry/Professional Experience :

Company Name	Position	Period	Technology Used
IBM, Hyderabad	Programmer Analyst	June 2009 – till date	Oracle Enterprise Database – v. 8, 8i R 1 & 2, Platinum Erwin, Oracle Desingner.
Oracle Corp., Hyderabad	Database Architect	April 2006 – May 2009	Oracle Enterprise Database – v. 8, 8i R 1 & 2, Platinum Erwin, Oracle Desingner.
GE Corp., Bangalore	Senior DBA	May 2002 – March 2006	Oracle 8 on Solaris Platform.

Project Details :

1. Client : Citibank, London

Duration – May 2010 – continued

Brief Description : The project code worded “NSSCS” is about core banking solution for the world’s number one bank. It is about providing bank services with transferrable account information

Technology Used : Oracle 8, 8i, PL/SQL, SQL, Solaris.....

My Responsibilities :

- Interaction with client for evaluation of project requirements.
- Analysis and designing of the program modules and database schema.
- Development of scripts for creating different database objects – Tables, Views, Indexes.
-

2. Client : HSBC Bank, Hongkong

Duration – May 2009 -

Brief Description :

Technology Used :

.....

Professional Training & Certifications :

S.No.	Description	Period	Authority
1.	Oracle Certified Professional (OCP)	May 2009	Oracle University
2.	Microsoft Certified System Engineer (MCSE)	Sept 2007	Microsoft Corp.
3	6 Months professional training in Oracle BE programming	August 2006	<Institute Name>

Achievements & Awards :

1. Paper presentation at International Students Seminar 2008 conducted by University of California, Subject – “How much bad you can develop a database”.
2. 10th order in Merit at HSSC – M..... Board division

Educational Qualification :

- PG Diploma in Computer Sciences, <Name> University, INDIA.
- B.S. in <Branch> Engineering, <Name> University, INDIA.
- Diploma in <Branch> Engineering, <Name> Board of Technical Examinations, INDIA.
